EXPERIENCE

Applied Predictive Technologies. UX Designer

August 2016 - Present | Arlington, VA

Contribute to all aspects of design from research through development. Advocate for consistency and clarity through implementation of a design system.

Palau Ministry of Education. Technology Consultant

Summer 2016 | Koror, Palau

Built a custom lesson planning tablet application for teachers in Palau. Led efforts to integrate technology and learning into Palauan classrooms.

Intuit. Experience Design Intern

Summer 2015 | Menlo Park, CA

Collaborated on the re-design of the company intranet and information architecture. Generated streamlined layout and interaction components based on user research and iteration.

athenahealth. UX Design Intern

Summer 2014 | Watertown, MA

Supported reskin of product experience by collaborating on contract re-design and an updated pattern library. Designed a new Windows application to manage clients' devices.

PROJECTS

Virtual Agents. Team Lead

Spring 2016 | Pittsburgh, PA

Collaborated with CMU's ArticulateLab to investigate how embodied virtual agents collaborate with children. Implemented three rounds of WoZ testing to inform future research.

Waste Auditing Web Application. Design Lead

Spring 2015 | Pittsburgh, PA

Led a team of four in the design of a waste auditing web app for non-profit, Zero-Waste Pennsylvania. Streamlined the auditing process by creating a responsive and intuitive interface.
