EXPERIENCE

Prosper, Senior User Experience Designer

January 2019 - Present • San Francisco, CA

Drive customer experience across flagship lending products for web and mobile. Support all aspects of the design process from user research through visual design and implementation. Advocate for an empathetic and personalized user experience to help 1MM+ customers take their first steps toward financial well-being.

Applied Predictive Technologies, Senior User Experience Designer

August 2016 - Nov 2018 • Arlington, VA

Established a design culture and influenced product vision across an extensive data platform. Responsible for growing design team and establishing product-wide best practices.

Palau Ministry of Education, Technology Consultant

Summer 2016 • Koror, Palau

Designed and built a custom lesson planning tablet application for teachers in Palau. Led efforts to integrate technology and learning into Palauan classrooms grades K-8.

EDUCATION

Carnegie Mellon University

Spring 2016 • Pittsburgh, PA

Human-Computer Interaction (HCI) and Information Systems double major with High Honors.
